

Mobile Device Management (MDM): How To Enroll

These instructions will add the new management profile to your phone; also, this will install the Meraki MDM (SM) app and Outlook app on your phone. For security purposes, we are moving away from the internal apple mail client and using the Outlook app for mobile devices.

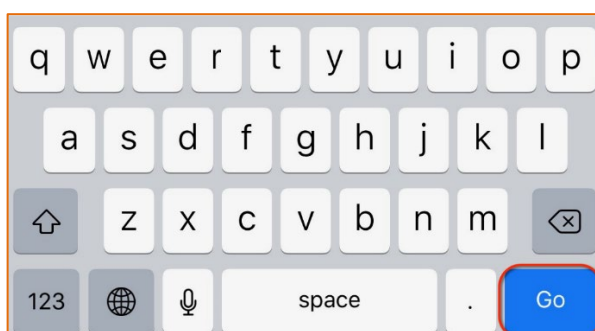

- Open Safari:

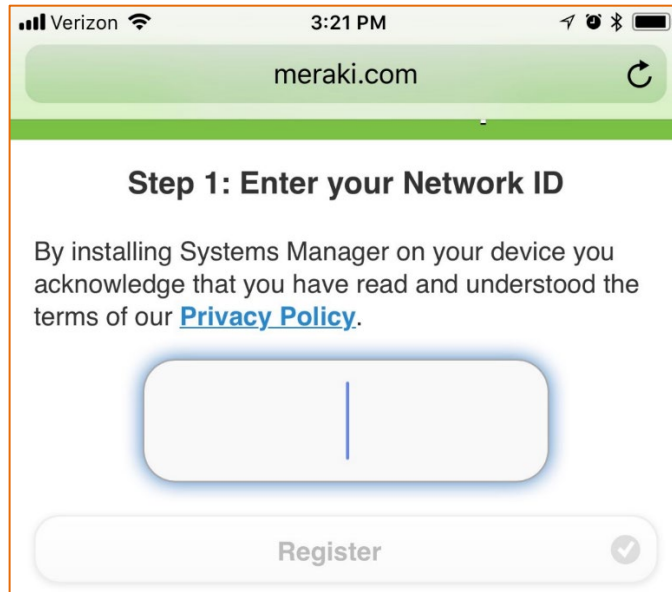

- Type “m.meraki.com” in the top address bar:

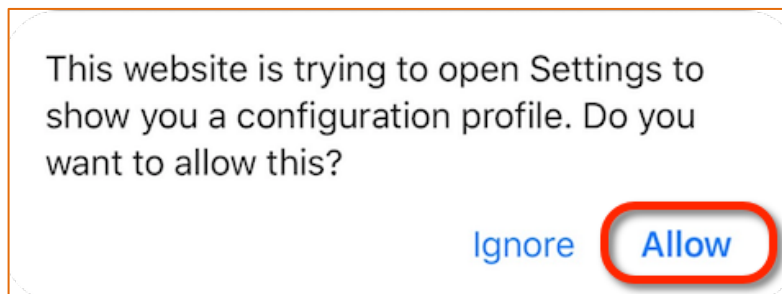

- Then press Go on the Keyboard:

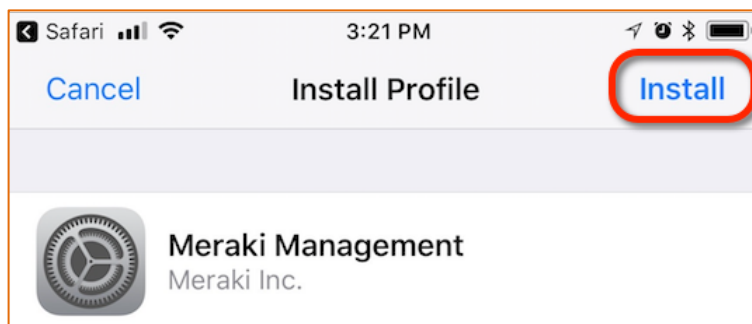

- Enter your Community Code and press Register:

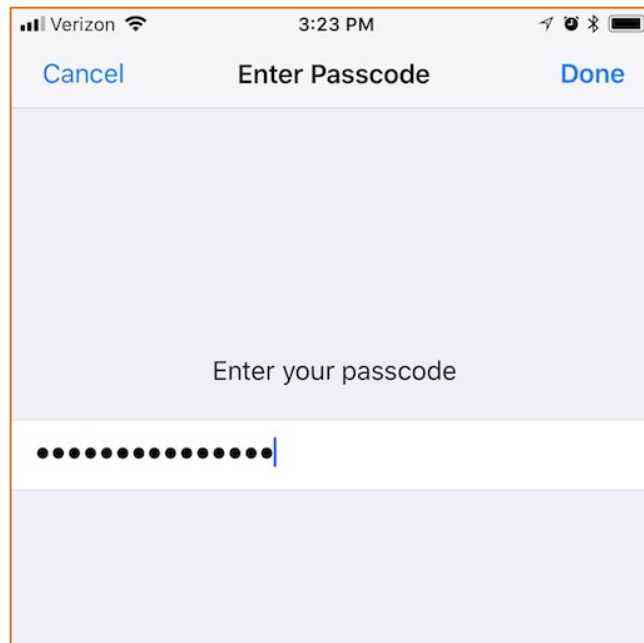

- Select Allow:

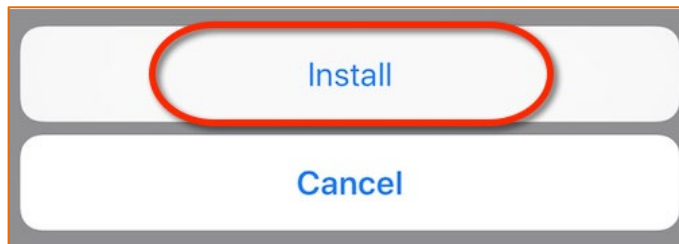

- Select Install:

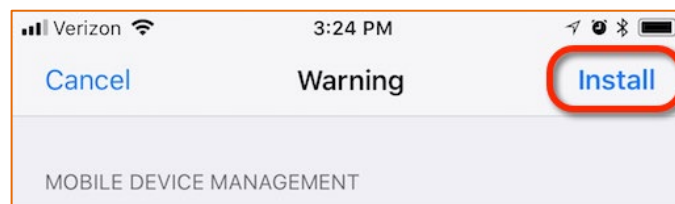

- Enter the PIN that is used to access your phone, and choose Done:

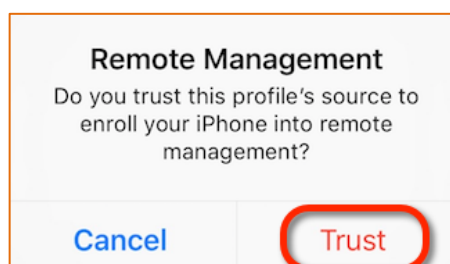

- Select Install:

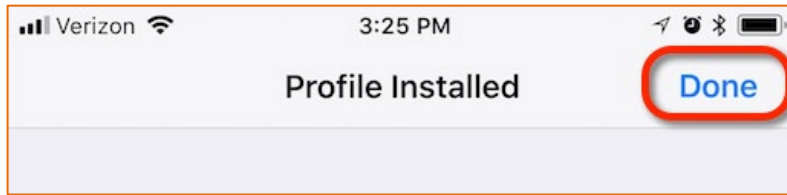

- Select Install, again:

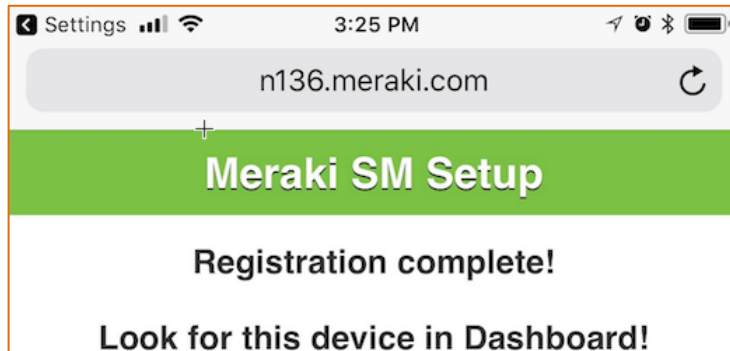

- Select Trust:

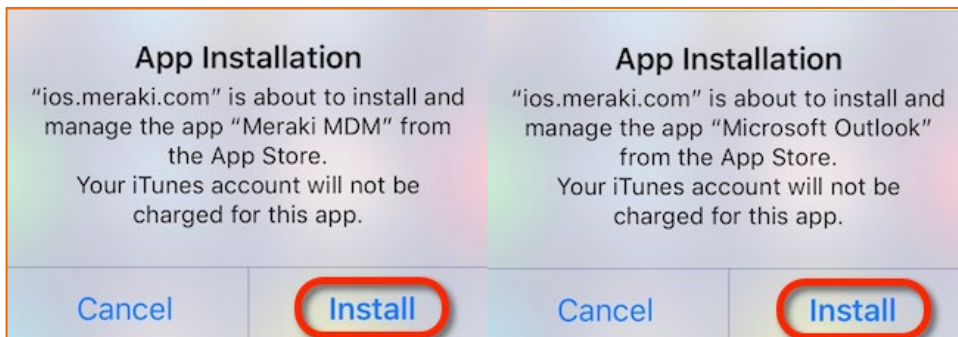

- Select Done:

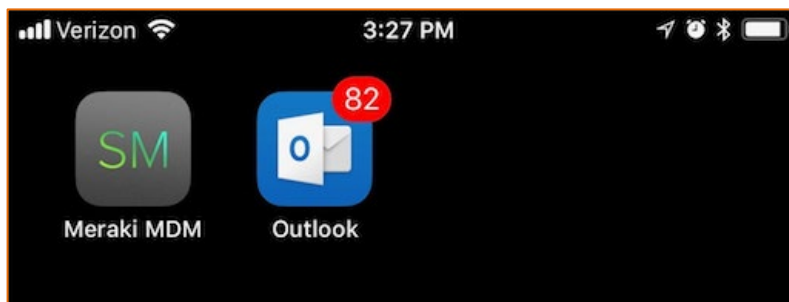

- You should see the Registration complete screen:

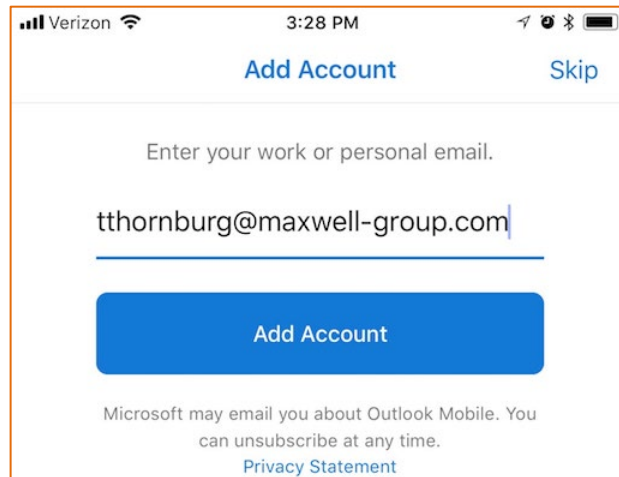

- You will see two App Installation windows, select Install on both:

- Now, you should have two new icons, Meraki MDM and Outlook:

- Open the outlook app, choose Add Account, enter your email, and choose Add Account, again:

- Enter your email address and password and select Sign in:

Your company email account should now be configured to work with the Outlook app. If your company email is not flowing as it should after these steps, please submit a helpdesk ticket for assistance.
